

# FMCA Members Park for Free!

Good Will-Hinckley, the birthplace of Family Motor Coach Association, recently has changed the location where motorhomers park on campus to a more scenic location on its grounds in Hinckley, Maine. The parking spots do not yet include electric and access to water but will soon. We still have that as an option others places on campus.

The location has been changed to the central part of campus – close to the Recreation Center, Chapel and trails. It will also be the home of our new Founder's Pavilion which will be ready for use October 15, 2004.

The GWH campus is located on the Kennebec River just 15-minutes from Waterville (home to Colby College and many of Central Maine's best restaurants), Belgrade (beautiful lakes and the best golf in the area 1-hour from the coast and just 2 hours from Bar Harbor . . . *Needless to say, why we call it Central Maine!*)

We encourage you to take time to stop by the Visitor's Center whether you are staying overnight or just driving by, pick up a map of campus and get some personalized input on what to do while you're in the area. We're also happy to take you on a personalized tour of campus and answer any questions you have.

**There is no charge to park on campus but donations are appreciated. To schedule a visit, contact Audrey Stott (207-238-4280 or [astott@gwh.org](mailto:astott@gwh.org)).**

## The L.C. Bates Museum

On the campus of Good Will-Hinckley is the L.C. Bates Museum. Housed in a 100-year old building the Bates Museum is a gem in Central Maine. With over 12 rooms and 3 floors of exhibits, you're sure to meet everyone's needs your traveling with. Stop by to learn more about Natural History, visit the art exhibits or learn more about the history of Good Will-Hinckley.

Thank you for stopping by our booth! Please visit the L.C. Bates Museum as our guest! Below is a coupon for two adults to visit the museum! We look forward to seeing you there.
